EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended in the specification as follows:

Please delete the title "Molded chip fabrication method and apparatus" and insert in its place --Molded chip fabrication method--.

This application is in condition for allowance except for the presence of claims 1-12, 20-33 and 35-41 are directed to a species non-elected without traverse.

Accordingly, claims 1-12, 20-33 and 35-41 have been cancelled.

Allowable Subject Matter

2. Claims 13, 15-19 and 42-46 are allowed.

The following is an examiner's statement of reasons for allowance:

With respect to claims 13, 15-19 and 42-45, the prior art of record neither anticipates nor renders obvious all the limitations of the base claim 13, including: mounting a plurality of semiconductor device within said mold formation cavity to at least one of said upper and lower section with a film between said semiconductor device and said upper and lower sections, each of said semiconductor devices being separately mounted in a pattern within said formation cavity by using a removable

template comprising openings corresponding to desired locations of said semiconductor devices. Claims 15-19 and 42-45 depend from claim 13, and thus are also allowed.

With respect to claim 46, the prior art of record neither anticipates nor renders obvious all the limitations of the claim, including: mounting a plurality of semiconductor device within said mold formation cavity to said lower section with a film between said semiconductor device and said lower section, each of said semiconductor devices being separately mounted in a pattern within said formation cavity by using a removable template comprising openings corresponding to desired locations of said semiconductor devices and provided with a space between respective tops of said semiconductor devices and said rigid upper section to receive a curable coating material.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
